

MIDHUL MANOJ GEORGE

ACCOUNT MANAGEMENT AND BUSINESS OPERATIONS PROFESSIONAL WITH EXPERIENCE IN CLIENT RELATIONSHIPS, PROJECT COORDINATION AND BUSINESS DEVELOPMENT

Chennai, Tamil Nadu | midhulmgcareers@gmail.com | +91-8754571525 | www.linkedin.com/in/mmg990

SUMMARY

Early-career professional with experience across account management, business operations, and business development in manufacturing and supply chain environments. Proven ability to manage client relationships, coordinate cross-functional projects, and solve operational challenges while balancing commercial and execution priorities. Known for taking ownership, driving results, and adapting quickly in dynamic environments.

PROFESSIONAL EXPERIENCE

Growth and Operations Associate | Konverto

September 2025 - Present

- Manage 20+ client accounts across interior designers, architects, and builders, serving as the primary point of contact from onboarding through project completion.
- Managed client relationships and acquisition efforts that contributed substantially to monthly company revenue through both new client onboarding and account retention.
- Coordinate 25+ projects simultaneously across design, procurement, production, quality, and installation teams to ensure timely execution and stakeholder alignment, at any given time.
- Introduced project and quotation tracking systems using Zoho tools, improving project visibility and helping reduce execution delays.
- Worked with leadership and operational teams to resolve execution challenges, prioritise projects, and maintain client satisfaction across active accounts.

Summer Intern- Supply Chain and Logistics | Ashok Leyland Ltd.

May 2025 - July 2025

- Led a 3PL vendor performance study across multiple locations, identifying operational and coordination challenges affecting outbound vehicle movement.
- Designed and implemented a real-time accident analytics dashboard with 40+ KPIs to track vehicle damage and transporter accountability.
- Conducted factory visits to assess sales yard operations and delivery practices, contributing insights to improve driver training and digital processes.
- Supported the supply chain team with actionable recommendations to reduce delivery inefficiencies and improve transporter performance.

Sales Intern | Bharti Airtel Ltd.

June 2024 - July 2024

- Conducted competitor analysis (Jio, VI, BSNL) and presented findings to senior leadership to support positioning strategies.
- Led a youth perception survey across 15+ colleges with 250+ respondents, delivering insights for campus marketing initiatives.
- Supported field sales executives (FSEs) during MNP conversion drives, helping drive a 20% increase in local conversions.
- Proposed a family-based incentive model for FSEs to boost field performance; concept adopted for trial implementation.
- Created Excel-based dashboards to track sales KPIs and regional performance across sales zones.

General Intern | Think Health Care Pvt Ltd / Inventz Lifesciences

May 2023 - June 2023

- Conducted market research involving 950+ respondents for the launch of a healthcare product.
- Analysed customer feedback, market trends, pricing strategies, and competitor positioning.
- Developed investor presentations and business proposals used in stakeholder discussions.
